To Jeff Lowell BSD Athletics and Activities Director, Lauren McDaniel BHS Athletic Director and Scott Powers BHS Principal:

Re: Formal Request

The Hearing Board of KingCo Athletic Directors scheduled a hearing to receive your self-report on May 11th and again on May 23rd, which was in response to the investigation conducted by the WIAA. In reaching our decision, our committee reviewed the 68 page report, the 1000 plus pages of exhibits, the summation of the report prepared by the WIAA, Bellevue High School's response to the WIAA investigation, along with Bellevue's exhibits, and additional responses from the lead investigators. The facts that we based our decision upon are all contained in the aforementioned documents.

At the conclusion of our meeting on Tuesday, June 7, 2016, our committee's work was concluded. We spent over two weeks reviewing your self-report. The Athletic Directors who made up the committee were dismissed and have returned to their schools to finish up the school year.

Furthermore, I will not be responding to any other inquiries from BSD/BHS as it relates to the hearing committee's work or my response to your formal request.

Attached are the investigators' responses to the BSD/BHS Self-Report.

You have the right to appeal our decision.

Sincerely,

George Crowder
